 - Performance-Monitoring Tools
 - Course Conclusion

Wymagania:

No prerequisites are mandated before taking this course. However, most students find it helpful to complete the CIW Web Foundations series of courses (Internet Business Associate, Site Development Associate and Network Technology Associate) and the CIW Web Design Specialist course; or be able to demonstrate equivalent knowledge of fundamental Internet and site design skills.

Poziom trudności

Certyfikaty:

The participants will obtain certificates signed by CIW. The E-Commerce Specialist course prepares candidates also to take the CIW E-Commerce Specialist exam (1D0-525 is available at [Pearson VUE](#) or [Prometric](#) test centers.), which if passed earns the individual the CIW E-Commerce Specialist certification.
