Cel szkolenia:

This course discusses supply chain management in the Dynamics 365 suite of apps.

Course objectives:

- Manage inventory and warehousing in Dynamics 365

Audience:

A Dynamics 365 Finance Functional Consultant is responsible for performing discovery, capturing requirements, engaging subject matter experts and stakeholders, translating requirements, and configuring the solution and applications. The Functional Consultant implements a solution using out of the box capabilities, codeless extensibility, application and service integrations.
