Szkolenie: SCRUMstudy
SCRUMstudy Agile Master Certified (SAMC)

Cel szkolenia:

Rapid changes in technology, market demands, and expectations have paved the way for the conceptualization and implementation of agile methods and values in many organizations. Agile relies on adaptive planning and iterative development and delivery. It focuses primarily on the value of people in getting the job done effectively. SCRUMstudy Agile Master Certified (SAMC™) professionals possess a wide ranging knowledge and understanding of the values, methods and intricacies of Agile. The purpose of the exam is to confirm applicants have ability to compare and choose the methodology appropriate in a given situation.

You will be awarded the SCRUMstudy Agile Master Certified (SAMC™) certificate by SCRUMstudy after successfully passing the certification exam.

Audience Profile

This course and certification is appropriate for anyone interested in getting familiar with the concepts and practices of Agile Project Delivery, and who wants to have a working knowledge of the various Agile methodologies.

Expected Outcome

The participants will be prepared to take SAMC™ certification exam and pass. Also they will be able to apply the concepts in their day to day job.
