Szkolenie: Google Cloud
Gemini for Google Workspace

Google Cloud

Cel szkolenia:

Gemini for Google Workspace provides customers with generative AI features in Google Workspace. In this course, you learn about the main features of Gemini and how they can be used to improve productivity and efficiency in Google Workspace.

What you'll learn

- Write and refine emails using Gemini in Gmail.
- Develop and refine written content using Gemini in Google Docs.
- Create images with Gemini in Google Slides.
- Create plans and trackers for projects with Gemini in Google Sheets.
- Create custom meeting backgrounds with Gemini in Google Meet.
- Summarize files, search for content, and synthesize relevant information across multiple sources using Gemini in Google Drive.
- Personalize an AI assistant with NotebookLM
- Discover a platform that combines search and AI agents across all enterprise data sources with Agentspace.

Audience

This course is designed for all users of Gemini for Google Workspace who want to learn how to effectively use AI features to boost productivity and collaboration.

Products

- Gemini
- Google Workspace
- NotebookLM
- Agentspace
