

## Szkolenie: Oracle BI Publisher for Campus Solutions

### Cel szkolenia:

This BI Publisher for Campus Solutions training is designed for developers and functional users who will be creating and maintaining COMMGEN templates. Expert Oracle University instructors will teach you the steps needed to create templates and sub-templates, define delivery methods as print or e-mail and execute COMMGEN with the BI Publisher templates.

### Learn To:

- Identify COMMGEN data sources.
- Create BI Publisher templates.
- Define BI Publisher report for use with COMMGEN.
- Run COMMGEN to create BI Publisher letters.
- Look at how to build BI Publisher for various 3C situations.
- What is BI Publisher for PeopleSoft Enterprise Campus Solutions?

BI Publisher for PeopleSoft Enterprise Campus Solutions is a template-based reporting solution that separates the data extraction process from the report layout (template). This technology allows the reuse of extracted student data into multiple COMMGEN layouts.

### Objectives

- Describe BI Publisher within Communication Generation
- Set up BI Publisher for Communication Generation applications
- Create and register Communication data sources
- Create Communication Generation templates using BI Publisher

## Plan szkolenia:
