Szkolenie: HPE

HPE OneView for ProLiant DL/ML Servers

Cel szkolenia:

This class focuses on HPE OneView functionality for HPE ProLiant DL/ML servers. During the course, students learn how to deploy and configure HPE OneView and how to use HPE OneView to support HPE ProLiant DL/ML servers. Students also learn how to manage storage components, how to configure security, and how to perform basic troubleshooting. In addition, students learn how to integrate HPE OneView with the HPE OneView Global Dashboard. Animated demos and hands-on practice labs in a simulated HPE OneView environment are included to help students better understand and retain HPE OneView knowledge.

Course objectives

After completing this course, students will be able to:

- Describe HPE OneView features
- Describe components supported in HPE OneView and licensing options
- Explain the HPE OneView installation process
- Explain management features available for HPE ProLiant DL/ML servers
  - Storage management
  - Server profile management
  - Maintenance and support
  - Reporting functionality
  - Security management
  - Data center management
  - HPE OneView Global Dashboard integration

Audience

Students who want to manage HPE ProLiant DL/ML servers using HPE OneView.

Plan szkolenia:

- HPE OneView Features
- HPE OneView Supported Components and Licensing Options
- HPE OneView Appliance Installation and Configuration Process

Compendium Centrum Edukacyjne Spółka z o.o.
ul. Tatarska 5, 30-103 Kraków, tel.: (12) 298 47 77
ul. Postępu 18B, 02-676 Warszawa, tel.: (22) 417 41 70
