Szkolenie: CompTIA

# CompTIA Cloud Essentials+ Prep Course

## DOSTĘPNE TERMINY

2025-07-24 | 2 dni | Warszawa / Wirtualna sala
2025-10-16 | 2 dni | Kraków / Virtual Classroom
2025-11-20 | 2 dni | Warszawa / Virtual Classroom
2025-12-18 | 2 dni | Kraków / Wirtualna sala

## Cel szkolenia:

CompTIA Cloud Essentials+ is for both IT and non-technical professionals who require the essential business acumen needed to make informed cloud service decisions.

CompTIA Cloud Essentials+ validates the candidate has the knowledge and skills required to make clear and conscious decisions about cloud technologies and their business impact by evaluating business use cases, financial impacts, cloud technologies and deployment models with knowledge of cloud computing.

What Skills Will You Learn?

- Cloud Concepts - Cloud principles, cloud networking concepts and storage techniques, and cloud design aspects
- Management and Technical Operations - Aspects of operating within the cloud, such as data management or optimization and the role of DevOps in cloud environments, like API integration or provisioning
- Business Principles of Cloud Environments - Appropriate cloud assessments like feasibility studies, benchmarking or gap analysis, key business aspects of cloud vendor relation adoption and cloud migration approaches
- Governance, Risk, Compliance and Security for the Cloud - Risk management and response concepts related to cloud services and the importance and impacts of compliance in the cloud, such as regulatory concerns or international standards

***Each participant in an authorized training CompTIA Cloud Essentials+ Prep Course held in Compendium CE will receive a free CLO-002 CompTIA Cloud Essentials+ Certification Exam vouchers.***
