

## Szkolenie: CompTIA CompTIA Cloud+ Prep Course

### DOSTĘPNE TERMINY

2025-04-28 | 5 dni | Warszawa / Wirtualna sala  
2025-05-26 | 5 dni | Kraków / Wirtualna sala  
2025-06-30 | 5 dni | Virtual Classroom  
2025-06-30 | 5 dni | Warszawa / Wirtualna sala

### Cel szkolenia:

CompTIA Cloud+ shows you have the expertise needed to deploy and automate secure cloud environments and protect mission-critical applications and data.

CompTIA Cloud+ is validates the skills needed to deploy and automate secure cloud environments that support the high availability of business systems and data.

#### What Skills Will You Learn?

- Cloud Architecture and Design - Analyze the different cloud models to design the best solution to support business requirements.
- Cloud Security - Manage and maintain servers, including OS configurations, access control and virtualization.
- Cloud Deployment - Analyze system requirements to successfully execute workload migrations to the cloud.
- Operations and Support - Maintain and optimize cloud environments, including proper automation and orchestration procedures, backup and restore operations, and disaster recovery tasks.
- Troubleshooting - Troubleshoot capacity, automation, connectivity and security issues related to cloud implementations

***Each participant in an authorized training CompTIA Cloud+ Prep Course held in Compendium CE will receive a free CV0-003 CompTIA Cloud+ Certification Exam vouchers.***

#### Jobs You Can Land With CompTIA Cloud Essentials+

- Cloud Penetration Tester
- Cloud Security Specialist
- Solution Architect
- Cloud Systems Administrator

- Cloud Specialist
- Server Administrator
- Cloud Architect
- Cloud Engineer

## Plan szkolenia:

- Cloud Architecture and Design
  - Compare and contrast the different types of cloud models.
  - Explain the factors that contribute to capacity planning.
  - Explain the importance of high availability and scaling in cloud environments.
  - Given a scenario, analyze the solution design in support of the business requirements.
- Security
  - Given a scenario, configure identity and access management.
  - Given a scenario, secure a network in a cloud environment.
  - Given a scenario, apply the appropriate OS and application security controls.
  - Given a scenario, apply data security and compliance controls in cloud environments.
  - Given a scenario, implement measures to meet security requirements.
  - Explain the importance of incident response procedures.
- Deployment
  - Given a scenario, integrate components into a cloud solution.
  - Given a scenario, provision storage in cloud environments.
  - Given a scenario, deploy cloud networking solutions
  - Given a scenario, configure the appropriate compute sizing for a deployment.
  - Given a scenario, perform cloud migrations.
- Operations and Support
  - Given a scenario, configure logging, monitoring, and alerting to maintain operational status.
  - Given a scenario, maintain efficient operation of a cloud environment.
  - Given a scenario, optimize cloud environments.
  - Given a scenario, apply proper automation and orchestration techniques.
  - Given a scenario, perform appropriate backup and restore operations.
  - Given a scenario, perform disaster recovery tasks.
- Troubleshooting
  - Given a scenario, use the troubleshooting methodology to resolve cloud-related issues.
  - Given a scenario, troubleshoot security issues.
  - Given a scenario, troubleshoot deployment issues.

- Given a scenario, troubleshoot connectivity issues.
- Given a scenario, troubleshoot common performance issues.
- Given a scenario, troubleshoot automation or orchestration issues.

## Wymagania:

- At least 2—3 years of work experience in IT systems administration or IT networking
- CompTIA Network+ and Server+ or equivalent knowledge
- Familiarity with any major hypervisor technology for server virtualization
- Knowledge of cloud service models
- Knowledge of IT service management
- Hands-on experience with at least one public or private cloud IaaS platform

## Poziom trudności

## Certyfikaty:

The participants will obtain certificates signed by CompTIA (course completion). This course will help prepare you for the CompTIA Cloud+ certification exam, which is available through the Pearson VUE test centers.

***Each participant in an authorized training CompTIA Cloud+ Prep Course held in Compendium CE will receive a free CV0-003 CompTIA Cloud+ Certification Exam vouchers.***
