Szkolenie: HPE

HPE Digital Learner Gold 1 Year Subscription Service

Cel szkolenia:

HPE Digital Learner is a subscription-based online learning platform that provides 12 months of access to thousands of online courses. The subscription gives you unlimited access to our eLearning portal, where you'll find IT and business skills training, personal development courses, certification training, learning paths, digital badges, and more—all available anytime, anywhere and at your own pace.

Take advantage of the latest learning on:

- HPE technology: servers, cloud, networking, storage, and more
- IT industry trends like AI, blockchain, and virtual reality
- Personal development such as marketing, finance, and leadership

Plus, an HPE Digital Learner subscription of any level gives you access to the qualifying courses for all Fast Start badges. With three levels to choose from, you can select the plan that best suits your needs.

Conspect

The Digital Learner content library contains more than 9,000 hours of online training covering HPE technologies and hot topics across IT industry, business and leadership skills, and personal development.

As part of the online learning experience, also access thousands of digital book titles, audio books, and videos curated within channels and learn from renowned authors, thought leaders, and executives.

Whether working on skills needed for your job today or working toward industry certification prep, Digital Learner has relevant training for you.

has relevant training for you.

As a part of the HPE Digital Learner Gold subscription or as an option with an enterprise subscription, you can attend up to three virtual instructor-led training (VILT) classes from the Gold VILT schedule.*

Taught by HPE experts, VILT classes provide a live, interactive learning experience that you can access anywhere. Some VILT classes also feature HPE virtual labs (vLabs), giving you secure, remote access to state-of-the-art HPE technology that enables hands-on practice with lessons learned in class.

Browse the Digital Learner Gold VILT schedule:

Certyfikaty:

The participants will obtain verified digital badge when complete select courses. Digital badges are available in three categories (Fast Start, Specialist, and Administrator) across a variety of technology subjects and accommodate all learning levels. To earn a badge, you need to complete the required course(s), then pass a skills assessment exam (included free with course registration). Badge-eligible courses come in multiple formats: HPE Digital Learner, virtual instructor-led training (VILT), instructor-led training (ILT), and individual eLearning courses.
