### LOKALIZACJE
- Kraków - ul. Tatarska 5, II piętro, godz. 9:00 - 16:00
- Warszawa - ul. Bielska 17, godz. 9:00 - 16:00

### Cel szkolenia:

Where **ITIL® Foundation** focuses on the 'what' and the 'why', **ITIL® Practitioner** shows 'how' to start adopting and adapt the **ITIL®** framework within day-to-day situations and responsibilities, giving individuals more confidence in their ability to structure and contribute to ITSM initiatives. The **ITIL® Practitioner** offers practical guidance to support your business' objectives, developing the skills to apply ITIL® concepts in the organization, ensuring business value by delivering fit-for-purpose and fit-for-use services. At the same time, the course and qualification gives confidence to managers that the attendants are ready to initiate and successfully carry out required improvement initiatives. **ITIL® Practitioner covers the Continual Service Improvement (CSI)** approach as the way to structure any improvement initiatives. **ITIL® Practitioner** also covers three key areas crucial for success of any improvement initiatives:

- Organizational Change Management
- Communication
- Measurements and Metrics.
ITIL® Practitioner does not replace any of the existing ITIL qualifications. ITIL Practitioner is complementary to—and fits in with—the current ITIL qualification scheme. ITIL Practitioner is not a prerequisite for the ITIL Intermediate Level qualifications.

Plan szkolenia:

- Course Introduction
  - Scenario based learning
  - The CSI approach
  - Certification
  - Get to know each other
- The Journey
  - Introduction to the scenario
  - The CSI approach: What is the vision? Where are we now?
- Organizational Change Management (OCM)
  - Purpose and approaches
  - Essentials for successful Improvement
  - Implementing Successful Change
  - Continual Improvement of OCM
- The Desire
  - The CSI approach: Where do we want to be?
- Communications
  - Good communication
  - Communication Principles
  - Communication Techniques
  - Types of communication
- Roadmap
