Cel szkolenia:

**Szkolenie + egzamin w cenie**

Program management is rising in popularity. Program management is the discipline that helps manage resources and dependencies across multiple projects whilst implementing strategic changes to the organization. This course covers the basics and main principles of the MSP® methodology for managing successful programs. MSP® is an internationally recognized methodology. The **MSP® 2011 Foundation course** is the entry level certification course for Best Practices training in MSP®. This course is delivered using a case study designed to further enhance and cement the candidates understanding of MSP®. Students who have attended this course are suitably prepared to successfully take the **MSP® Foundation certification** test which is a requirement for attending any of the further learning courses (**MSP® Practitioner** and **MSP® Advanced Practitioner** level training) available in this track.

At the end of this course, you will be able to:

- Understand and apply the main principles of MSP®
- Learn how to manage programs according to the MSP® methodology
- Distinguish the different MSP® flows
- Realize strategic changes in organizations
- Be up to date with state of the art developments in program
- Prepare to take the MSP® Foundation and Practitioner Certification exam
The **MSP 2011 Practitioner course** prepares candidates to apply MSP to their own work and manage, lead, support or advise in an MSP environment in a relatively uncomplicated programme. The **Practitioner certificate** is prerequisite for taking the **Advanced Practitioner test**.

The course comprises a mixture of input sessions, group exercises and examination based practical work. All delegates are encouraged to actively participate during the practical sessions to gain the full benefit during the training. During the course, delegates will undertake a number of mock examinations and gain feedback on the progress towards eventual success. To prepare effectively for the **MSP® exams**, delegates should be prepared to undertake revision and exam preparation work in the evenings.
