Certified TIA-942 Internal Auditor (CTIA®) Training with Exam

Cel szkolenia:

This course builds further on the technical understanding of the standard acquired in the CTDC (Certified TIA-942 Design Consultant) course (H7G61S). It enables participants to develop skills and knowledge to conduct an internal audit program by applying widely recognized audit principles, procedures, and techniques which are aligned with the ISO-19011 auditing guideline.

Course objectives

After completion of the course, the participant will be able to:

- Prepare the organization for an audit according to ANSI/TIA-942 including preparation of the required documents, resource planning and management of the audit process itself
- Conduct an internal audit according to ANSI/TIA-942 following ISO-19011 guidelines
- Facilitate and support the external audit to ANSI/TIA-942
- Manage the post-audit process with respect to CAR (Corrective Action Reports), gap closing, and final certification
- Facilitate surveillance and recertification Audits

Audience

The primary audiences for this course are senior quality assurance professionals and managers, enterprise managers responsible for governance and risk management, technical experts, project managers and consultants, internal auditors, and compliance officers—virtually anybody involved in ANSI/TIA-942 compliance certification-related projects, either from an end-user or vendor perspective.

Plan szkolenia:

- Fundamental concepts and process of an internal audit
  - Terms and definitions
  - Difference between an internal and external auditor
  - Audit principles
  - Auditor competency requirements
