

Szkolenie: CompTIA  
CompTIA CySA+ Prep Course

FORMA SZKOLENIA	MATERIAŁY SZKOLENIOWE	CENA	CZAS TRWANIA
Stacjonarne	Cyfrowe	5100 PLN NETTO*	5 dni
Stacjonarne	Tablet CTAB	5500 PLN NETTO*	5 dni

\* (+VAT zgodnie z obowiązującą stawką w dniu wystawienia faktury)

## LOKALIZACJE

Kraków - ul. Tatarska 5, II piętro, godz. 9:00 - 16:00

Warszawa - ul. Bielska 17, godz. 9:00 - 16:00

## DOSTĘPNE TERMINY

2019-09-30 | 5 dni | Kraków

2019-11-04 | 5 dni | Warszawa

## Cel szkolenia:

(The former name of this course is CompTIA CSA+ Prep Course. The **CSA+ certification** acronym has changed to **CySA+**. CompTIA and its partners will make the change by June 29th, 2018. The exam code will remain the same)

As attackers have learned to evade traditional signature-based solutions such as firewalls, an analytics-based approach within the **IT security** industry is increasingly important for most organizations. The behavioral analytics skills covered by **CySA+** identify and combat malware, and advanced persistent threats (APTs), resulting in enhanced threat visibility across a broad attack surface. **CompTIA CySA+** is for IT professionals looking to gain the following security analyst skills:

- Configure and use threat detection tools.
- Perform data analysis.
- Interpret the results to identify vulnerabilities, threats and risks to an organization.

CompTIA CySA+ meets the ISO 17024 standard and is approved by U.S. Department of Defense to fulfill Directive 8570.01-M requirements. It is compliant with government regulations under the Federal Information Security Management Act (FISMA).

CySA+ is developed and maintained by leading IT security experts. Content for the exams stems from a combination of industry-wide survey feedback and contributions from our team of subject matter experts. Learn more about the people behind the [CompTIA CySA+ Advisory Committee](#).

## Plan szkolenia:

- Threat Management
  - Given a scenario, apply environmental reconnaissance techniques using appropriate tools and processes.
  - Given a scenario, analyze the results of a network reconnaissance.
  - Given a network-based threat, implement or recommend the appropriate response and countermeasure.
  - Explain the purpose of practices used to secure a corporate environment.
- Vulnerability Management
  - Given a scenario, implement an information security vulnerability management process.
  - Given a scenario, analyze the output resulting from a vulnerability scan.
  - Compare and contrast common vulnerabilities found in the following targets within an organization.
- Cyber Incident Response
  - Given a scenario, distinguish threat data or behavior to determine the impact of an incident.
  - Given a scenario, prepare a toolkit and use appropriate forensics tools during an investigation.
  - Explain the importance of communication during the incident response process.
  - Given a scenario, analyze common symptoms to select the best course of action to support incident response.
  - Summarize the incident recovery and post-incident response process.
- Security Architecture and Tool Sets
  - Explain the relationship between frameworks, common policies, controls, and procedures.
  - Given a scenario, use data to recommend remediation of security issues related to identity and access management.
  - Given a scenario, review security architecture and make recommendations to implement compensating controls.
  - Given a scenario, use application security best practices while participating in the Software Development Life Cycle (SDLC).
  - Compare and contrast the general purpose and reasons for using various cybersecurity tools and technologies.

## Wymagania:

[CompTIA Network+](#), [CompTIA Security+](#) or equivalent knowledge. Minimum of 3-4 years of hands-on information security or related experience. While there is no required prerequisite, CySA+ is intended to follow CompTIA Security+ or equivalent experience and has a technical, hands-on focus.

## Poziom trudności

## Certyfikaty:

The participants will obtain certificates signed by CompTIA (course completion). This course will help prepare you for the **CompTIA CySA+ certification exam**, which is available through the [Pearson VUE](#) test centers.

Each participant in an authorized training **CompTIA CySA+ Prep Course** held in Compendium CE will receive a free **CS0-001 CompTIA CySA+ Certification Exam voucher**.

## Prowadzący:

Autoryzowany trener CompTIA.
