MB-280T03: Design and deliver powerful customer experiences with Dynamics 365 Customer InsightsMicrosoft
Partner

TRAINING GOALS:

Dynamics 365 Customer Insights helps organizations deliver exceptional experiences personalized to every customer. In this course, students will learn how to work with key features of Customer Insights – Data and Customer Insights – Journeys. First, students will learn about the business value of using a customer data platform, ingest data into Customer Insights – Data, create unified customer profiles, and create segments. Then, students will build impactful experiences using Customer Insights – Journeys, create marketing assets like emails and text messages, and deliver them via segment- and trigger-based journeys.

Audience Profile:

This course is designed for IT or marketing professionals who want to learn how to leverage Dynamics 365 Customer Insights for their organizations. Students should have knowledge in basic marketing principles and be familiar with Dynamics 365 customer experience suite.
