Training: AWS
AWS Discovery Day - Why Purpose-built Databases?

TRAINING GOALS:

Learn about the need for using purpose-built databases and the various database offerings provided by AWS. Learners will also be presented with an activity on identifying the right AWS purpose-built database for hypothetical use cases.

- **Level**: Fundamental
- **Duration**: 60 minutes

Learning objectives

During this event, you will learn to:

- Explain how to create a well-architected database
- Explain the benefits of purpose-built databases
- Analyze workload requirements
- Choose the right purpose-built database

Intended audience

This event is intended for:

- Solutions architects
- Database architects
- Developers

Recommended follow-up training and resources

We recommend that attendees of this event continue learning with this course:

- Planning and Designing Databases on AWS
- Build Modern Applications with AWS NoSQL Databases
