

Training: PECB®  
ISO/IEC 27005 Risk Manager

## TRAINING GOALS:

The ISO/IEC 27005 Risk Manager training course enables participants to understand the process of developing, establishing, maintaining, and improving an information security risk management framework based on the guidelines of ISO/IEC 27005.

### Course Objectives

Upon the successful completion of this training course, you will be able to:

- Explain the risk management concepts and principles outlined by ISO/IEC 27005 and ISO 31000
- Establish, maintain, and improve an information security risk management framework based on the guidelines of ISO/IEC 27005
- Apply information security risk management processes based on the guidelines of ISO/IEC 27005
- Plan and establish risk communication and consultation activities

### Why Should You Attend?

The ISO/IEC 27005 Risk Manager training course provides valuable information on risk management concepts and principles outlined by ISO/IEC 27005 and also ISO 31000. The training course provides participants with the necessary knowledge and skills to identify, evaluate, analyze, treat, and communicate information security risks based on ISO/IEC 27005. Furthermore, the training course provides an overview of other best risk assessment methods, such as OCTAVE, MEHARI, EBIOS, NIST, CRAMM, and Harmonized TRA.

The PECB ISO/IEC 27005 Risk Manager certification demonstrates that you comprehend the concepts and principles of information security risk management.

The training course is followed by an exam. After passing the exam, you can apply for the “PECB Certified ISO/IEC 27005 Risk Manager” credential.

### Who Should Attend?

This training course is intended for:

- Managers or consultants involved in or responsible for information security in an organization
- Individuals responsible for managing information security risks
- Members of information security teams, IT professionals, and privacy officers

- Individuals responsible for maintaining conformity with the information security requirements of ISO/IEC 27001 in an organization
- Project managers, consultants, or expert advisers seeking to master the management of information security risks

## CONSPECT:

- Introduction to ISO/IEC 27005 and risk management
- Risk assessment, risk treatment, and risk communication and consultation based on ISO/IEC 27005
- Risk recording and reporting, monitoring and review, and risk assessment methods

## REQUIREMENTS:

The main requirements for participating in this training course are having a fundamental understanding of ISO/IEC 27005 and comprehensive knowledge of information security.

## Difficulty level

## CERTIFICATE:

The participants will obtain certificates signed by PECB (course completion).

The “PECB Certified ISO/IEC 27005 Risk Manager” exam meets all the requirements of the PECB Examination and Certification Program (ECP). It covers the following competency domains:

- Domain 1: Fundamental principles and concepts of information security risk management
- Domain 2: Implementation of an information security risk management program
- Domain 3: Information security risk management framework and processes based on ISO/IEC 27005
- Domain 4: Other information security risk assessment methods

For specific information about exam type, languages available, and other details, please visit the [List of PECB Exams](#) and the [Examination Rules and Policies](#).

After successfully passing the exam, you can apply for one of the credentials:

- PECB Certified ISO/IEC 27005 Provisional Risk Manager
- PECB Certified ISO/IEC 27005 Risk Manager

You will receive the certificate once you comply with all the requirements related to the selected credential. For more information about ISO/IEC 27005 certifications and the PECB Certification process, please refer to [Certification Rules and Policies](#).

## TRAINER:

Authorized PEBC Trainer.

## ADDITIONAL INFORMATION:

- Certification fees and examination fees are included in the price of the training course.
- Participants of the training course will receive over 350 pages of training materials, containing valuable information and practical examples.
- Participants of the training course will receive an attestation of course completion worth 21 CPD (Continuing Professional Development) credits.
- Participants who have completed the training course and failed to pass the exam, are eligible to retake it once for free within a 12-month period from the initial date of the exam.
