ITIL® 4 Specialist: High Velocity IT (HVIT)

TRAINING GOALS:

Advance your career in IT service management with the ITIL® Official course, crafted by the creators of ITIL®: **course and exam voucher, all in one bundle!**

By highlighting the difference between IT transformation and digital transformation, the ITIL 4 Specialist High Velocity IT module enables the identification of new opportunities for digital investment, leading to significant business enablement.

The ITIL® 4 Specialist: High Velocity IT (HVIT) qualification is intended to provide the candidate with an understanding of the ways in which digital organizations and digital operating models function in high velocity environments, focusing on rapid delivery of products & services to obtain maximum value. The qualification will provide the candidate with an understanding of working practices such as Agile and Lean, and technical practices and technologies such as 'the cloud', automation, and automatic testing.

The ITIL® 4 Specialist: High Velocity IT (HVIT) examination is intended to assess whether the candidate can demonstrate sufficient understanding and application of ITIL® 4 Specialist: High Velocity IT (HVIT), as described in the syllabus below, to be awarded the ITIL® 4 Specialist: High Velocity IT (HVIT) qualification. The ITIL® 4 Specialist: High Velocity IT (HVIT) qualification is one of the pre-requisites for the designation of ITIL 4 Managing Professional which assesses the candidate's practical and technical knowledge about how to run successful, modern IT-enabled services, teams and workflows.
