TRAINING GOALS:

In this course, you will learn about common SD-WAN deployment scenarios using the Fortinet Secure SD-WAN solution. You will explore different situations, from a single enterprise site to multiple data center environments, that will help you to enhance and troubleshoot SD-WAN deployments.

Objectives

After completing this course, you will be able to:

- Describe the capabilities of the Fortinet Secure SD-WAN solution
- Deploy FortiOS SD-WAN solutions with FortiManager and FortiAnalyzer
- Configure basic SD-WAN features
- Configure advanced SD-WAN features
- Understand the SD-WAN route and rule lookup process
- Understand the different rule criteria and strategies available to steer traffic using SD-WAN and how SD-WAN responds to changing link conditions
- Deploy SD-WAN using basic IPsec and routing configuration
- Deploy SD-WAN using advanced IPsec and routing configuration
- Troubleshoot SD-WAN routing and rule matching issues

Who Should Attend

Anyone responsible for the day-to-day management of a Fortinet SD-WAN deployment and network operation.

CONSPECT:

- Introduction
- Centralized Management
- Members, Zones, and Performance SLAs
- Routing and Sessions
- Rules
- SD-WAN Overlay Design and Best Practices
- Monitoring and Troubleshooting

REQUIREMENTS:

- Advanced knowledge of networking, and extensive hands-on experience working with FortiGate and FortiManager
- It is recommended that you have an understanding of the topics covered in the following courses, or have equivalent experience:
 - FortiGate Administrator
 - FortiManager Administrator

Difficulty level

CERTIFICATE:

The participants will obtain certificates signed by Fortinet.

This course is intended also to help you prepare for the FCSS – SD-WAN exam. This exam is part of the FCSS Network Security certification tracks:

- Fortinet Certified Solution Specialist (FCSS) - Network Security

The FCSS – SD-WAN certification exam is one of the options to choose as one of the one elective exam required to pass in order to obtain the Fortinet Certified Solution Specialist (FCSS) title. Fortinet certification exams are offered at Pearson Vue test centers worldwide. More information about Fortinet Certification Program on the <https://www.fortinet.com/training-certification>

TRAINER:

Fortinet Certified Trainer (FCT)
