Training: PRINCE2®
PRINCE2® 7 Practitioner

PeopleCert

TRAINING GOALS:

Learn to apply and tailor the latest PRINCE2® 7 to any project, lead project teams effectively and ensure your projects' success.

Get the knowledge to enhance your project management skills!

The PRINCE2® 7 Practitioner qualification is intended for project managers and aspiring project managers. It is also relevant to other key staff involved in the design, development and delivery of projects, including: project board members (e.g. senior responsible owners), team managers (e.g. product delivery managers), project assurance (e.g. business change analysts), project support (e.g. Project and Programme Office personnel), and operational line managers/staff.

The PRINCE2® 7 Practitioner examination is intended to assess whether a candidate can apply and tailor the PRINCE2® project management method (as described in the syllabus below). A successful Practitioner candidate should, with suitable direction, be able to start applying the method to a real project but may not be sufficiently skilled to do this appropriately for all situations. Their individual project management expertise, complexity of the project and the support provided for the use of PRINCE2® in their work environment will all be factors that impact what the Practitioner can achieve.

USD: PL 52 1600 1462 1853 6451 3000 0007

There are 70 (part) questions, each worth 1 mark. There is no negative marking.

- Pass mark: 42 marks

You will need to get 42 (part) questions correct to pass the exam.

- Level of thinking: Bloom's levels 3&4

"Bloom's level" describes the type of thinking needed to answer the question. For Bloom's level 3 questions, you need to apply your knowledge to a situation. For Bloom's 4 questions, you need to analyse the information provided and reason whether a course of action is effective/appropriate.

- Exam format: Scenario, additional information & questions

You should read the 'Project Scenario' which gives background information about the project that the questions apply to. For at least one question, you will also need to use the 'Additional Information' which gives information about people who may be working on the project.

- Question types: Classic & matching

The questions are all 'multiple choice'. There is a short description of a situation, and then a question. For the 'classic' questions (1 mark), you have a question and four options (A,B,C,D). For the 'matching' questions (3 marks) you have 3 pieces of information and you have to choose an answer for each from a list of 5 or 6 options.
