

Training: Palo Alto Networks EDU-318 Prisma Access SASE Security: Design and Operation

TRAINING GOALS:

The Prisma Access SASE Security: Design and Operation (EDU-318) course describes Panorama Managed Prisma Access Secure Access Service Edge (SASE) and how it helps organizations embrace cloud and mobility by providing network and network security services from the cloud. This course is intended for people in public cloud security and cybersecurity or anyone wanting to learn how to secure remote networks and mobile users.

Objectives

Successful completion of this four-day, instructor-led course will help enhance your understanding of how to protect better your applications, remote networks, and mobile users using a SASE implementation. You will get hands-on experience configuring, managing, and troubleshooting Prisma Access in a lab environment.

Target Audience

Security Engineers, Security Administrators, Security Operations Specialists, Security Analysts, and Network Engineers

CONSPECT:

- Prisma Access Overview
- Planning and Design
- Routing and SD-WAN Design
- Zero Trust Network Access (ZTNA) Connector
- Activate and Configure
- Security Processing Nodes
- Panorama Operations for Prisma Access
- Remote Networks
- Mobile Users
- Cloud Secure Web Gateway
- Tune, Optimize, and Troubleshoot
- Manage Multiple Tenants
- Insights

- ADEM
- Next Steps

REQUIREMENTS:

Participants should have a basic knowledge of cloud computing and the public cloud. Participants must complete the EDU-210 Firewall Essentials: Configuration and Management course and the EDU-220 Panorama: Managing Firewalls at Scale course or have equivalent experience. Participants also must have experience with networking concepts, including routing, switching, and IP addressing.

Difficulty level

CERTIFICATE:

The participants will obtain certificates signed by Palo Alto Networks (course completion).

TRAINER:

Palo Alto Networks Certified Security Platform Instructor (PCSPI)

ADDITIONAL INFORMATION:

Authorized Courseware

Each attendee will receive a student guide and lab exercise guide in the form of a secure PDF. Students will access these materials by creating an account with a third party platform, Kortext, hosted by fulfilment supplier.

Training Credit

Palo Alto Networks Training Credits allow you a single point of purchase for training for use throughout the year. Training credits are redeemable by all employees within an organization for any Palo Alto Networks open enrollment, private on-site, or online course offered by our Authorized Training Partners (ATPs). Compendium CE accept the Training Credits issued by Palo Alto Networks. To sign-up for a course and pay using training credits, please contact with our sales team:
