Training: OffSec
OffSec Learn Enterprise Subscription

OffSec Learning Partner

TRAINING GOALS:

Learn Enterprise gives organizations with 10 or more learners full access to the OffSec Learning Library, including every 100 to 300 level course, immersive labs, cyber ranges, versus tournaments, CVE exploit labs, and all learning paths. A dedicated team admin account streamlines management and progress tracking. Advanced team-focused features help your workforce train, compete, and build the skills needed to stay ahead of evolving threats, together.

Learn Enterprise includes:

- Access to OffSec Cyber Ranges
- Real-time usage and analytics reporting
- Reassignable licenses
- SOC II Type 2 compliant
- Supports Okta SSO

Best for:

Large security teams and IT departments with 10 or more learners that need broad, continuous upskilling, advanced team-based training features, and centralized management to stay ahead of evolving threats.

Team-based learning:

Cyber ranges, Versus tournaments, and CVE exploit labs create realistic, competitive, and collaborative training experiences.

Enterprise-scale training:

Full access to every OffSec 100–300 level course, all learning paths, immersive labs, and specialized environments for large teams.

Centralized management:

A dedicated team admin account makes it easy to assign courses, track learner progress, and measure ROI across the organization.
