CO1 COMPENDIUM CENTRUM EDUKACYJNE

Training: PRINCE2®
Scrum Master I

TRANING TERMS

2025-11-20 | 2 days | Kraków / Virtual Classroom
2025-12-18 | 2 days | Warszawa / Virtual Classroom

TRAINING GOALS:

Training + exam included

At this qualification level, candidates will be introduced to basic concepts, terms, principles and tools used for Scrum as well as why Scrum is needed in modern enterprises, the Scrum methodology, people and culture implications as well as the practices, processes, and technology used for adapting Scrum within an organization.

Holders of the PeopleCert SCRUM Master I certification, will be able to demonstrate their knowledge, understanding and practical application of:

- The definition and purpose of Agile
- The three pillars of Scrum: inspection, adaptation, and transparency
- The five Scrum values: commitment, focus, openness, respect, and courage
- The characteristics of effective Scrum Masters, product owners, and development teams
- The purposes of different events, artifacts, and rules in Scrum
- How multilevel planning can help your team develop long-term goals and create more realistic strategies to achieve those goals
- How to identify the attributes of the product backlog and understand how it can evolve as your product and environment changes
- The techniques for managing technical debt
- The purpose and steps involved in Scrum events such as product backlog grooming, sprint planning, execution, daily Scrum, review, and retrospective
