

Training: AWS

# **AWS Well-Architected Best Practices**

#### TRANING TERMS

2025-12-05 | 1 day | Warszawa / Virtual Classroom

# TRAINING GOALS:

The Well-Architected Framework enables you to make informed decisions about your customers architectures in a cloud-native way and understand the impact of design decisions that are made. By using the Well-Architected Framework, you will understand the risks in your architecture and ways to mitigate them.

This course is designed to provide a deep dive into the AWS Well-Architected Framework and its 5 pillars. This course also covers the Well-Architected Review process, and using the AWS Well-Architected Tool to complete reviews.

### Course objectives

In this course, you will learn to:

- Identify the Well-Architected Framework features, design principles, design pillars, and common uses
- Apply the design principles, key services, and best practices for each pillar of the Well-Architected Framework
- Use the Well-Architected Tool to conduct Well-Architected Reviews

#### Intended audience

This course is intended for:

Technical professionals involved in architecting, building, and operating AWS solutions.

## CONSPECT:

- Module 1: Well-Architected Introduction
  - History of Well-Architected
  - Goals of Well-Architected
  - What is the AWS Well-Architected Framework?
  - The AWS Well-Architected Tool

www.compendium.pl page 1 of 2

- Module 2: Design Principles
  - Operational Excellence
  - Lab 1: Operational Excellence
  - Reliability
  - Lab 2: Reliability
  - Security
  - Lab 3: Security
  - Performance Efficiency
  - Lab 4: Performance Efficiency
  - Cost Optimization
  - ∘ Lab 5: Cost Optimization

# **REQUIREMENTS:**

We recommend that attendees of this course have:

- Knowledge of core AWS services (Course: AWS Cloud Practitioner Essentials classroom or digital training)
- Knowledge of AWS management interfaces (Course: AWS Technical Essentials classroom or digital training)
- Knowledge of core AWS design and architecture (Course: Architecting on AWS)

# Difficulty level

# **CERTIFICATE:**

The participants will obtain certificates signed by AWS (course completion).

# TRAINER:

AWS Authorized Instructor (AAI)
