TRAINING GOALS:

The course covers additional information on how to confidently manage ExtremeCloud™ IQ –
Controller. Students will learn how to work with users, backups, health widgets and integrate with
Network Management Systems using ExtremeCloud™ IQ – Site Engine, as an example.

Course Objectives

Upon completion of this course, students will have gained the working knowledge to:

- Manage users in ExtremeCloud™ IQ – Controller
- Monitor ExtremeCloud™ IQ – Controller deployment through System Health Widget
- Manage system backups
- SSH/SNMP integration with ExtremeCloud™ IQ – Site Engine

Audience

This course is designed as the first step for individuals responsible for the installation, configuration
and management of the ExtremeCloud™ IQ – Controller.

CONSPECT:

- Administration and Management Basics

- Software and Configuration Management
- Integration with ExtremeCloud™ IQ – Site Engine

REQUIREMENTS:

You should already possess a learning credential for ExtremeCloud™ IQ - Controller - Installation and Configuration.

Difficulty level

CERTIFICATE:

Participants who pass the assessment will receive a certificate signed by Extreme Networks - Extreme Certified Associate in ExtremeCloud™ IQ - Controller – Management

TRAINER:

Authorized Extreme Networks Trainer.
