TRAINING GOALS:

Around the world, there are many organizations in both the public and private sectors, who recognize that their portfolio, programme and project management is best supported through a delivery support office. **PRINCE2®**, **Managing Successful Programmes (MSP®)**, **Management of Portfolio's (MOP®)** and **Management of Risk (M_o_R®)** all touch on the need to provide adequate support structures. **P30®** provides a single source of information for guidance or advice on setting up or running an effective delivery support office. Portfolio, **Programme and Project Offices (P30®)** is a **Best Management Practice certification** that brings together a set of principles, processes and techniques to facilitate effective portfolio, programme and project management through enablement, challenge and support structures.

The purpose of the **P30® 2013 Foundation course**, is that the candidate learns the:

- High-level P30® model and its component offices

- Differences between Portfolio, Programme and Project Management
- Key functions and services of a P30®
- Reasons for establishing a P30® model
- Differences between types of P30® model and the factors that influence selection of the most appropriate model
- Processes to implement or re-energize a P30®
- Tools and techniques used by a P30®
- Purpose and major responsibilities of the defined roles

The purpose of the **Practitioner course** is to obtain sufficient knowledge and understanding of the P30® guidance to design, implement, manage or work within any component office of a P30® model. Candidates will have an overall understanding of the elements, roles, functions and tools and techniques deployed in a generalized P30 model. Additional training may be required if the candidate is to take up one of the specialist roles in the P30 organization.

Course Approach:

- An Introduction to P30® - Discussing why, when and how to use P30® models including the difference between portfolio, programmes and project environments and their different requirements
- Value - What value P30® can bring to the organization including a business case, funding models and performance measures
- Model - An overview of the different P30® models with examples
- Functions and Techniques - Details on the functions/services and techniques/tools used by units of a P30® model.

CONSPECT:
