TRAINING GOALS:

Training + exam in the price

The purpose of the **PRINCE2 Practitioner - 2017 update** is to prepare candidates for certification assessment whether the candidate demonstrate sufficient ability to apply and tailor the PRINCE2 project management method. A successful Practitioner candidate should, with suitable direction, be able to start applying the method to a real project but may not be sufficiently skilled to do this appropriately for all situations. Their individual project management expertise, complexity of the project and the support provided for the use of PRINCE2 in their work environment will all be factors that impact what the Practitioner can achieve.

A participant should understand the structure and key terminology of the method. Specifically, the participant should understand:

- How to apply the PRINCE2 principles in context
- How to apply and tailor relevant aspects of PRINCE2 themes in context
- How to apply and tailor relevant aspects of PRINCE2 processes in context

Target audience:

- Project Managers and aspiring Project Managers
- Other key staff involved in the design, development and delivery of projects, including: Project Board members (e.g. Senior Responsible Owners), Team Managers (e.g. Product Delivery Managers), Project Assurance (e.g. Business Change Analysts), Project Support (e.g. Project and Programme Office personnel), and operational line managers/staff.

CONSPECT:

- Analyze the application of PRINCE2 principles in context:
 - continued business justification
 - learn from experience
 - defined roles and responsibilities
 - manage by stages
 - manage by exception
 - focus on products
 - tailor to suit the project
