Training: Extreme Networks
ExtremeControl - Management

TRAINING GOALS:

Students will learn to properly manage their ExtremeControl engine. Students will also deep dive into the ExtremeControl rules engine and learn to manipulate network end-systems with authorization. Extreme Policy components and structure will be looked at, as well as integration with ExtremeControl. For students without Extreme Policy capable devices, ExtremeControl policy mappings will be examined to maximize ExtremeControl's capabilities throughout a multi-vender network. ExtremeControl integration with ExtremeAnalytics and ExtremeCloud IQ will also be demonstrated. Students will have these concepts reinforced with hands-on lab experience managing ExtremeControl in a preconfigured network.

Course Objectives

Upon completion of this course, students will have gained the working knowledge to:

- Navigate, manipulate, and create ExtremeControl Dashboards
- Configure ExtremeControl Administration options
- Configure ExtremeControl engine options
- Understand and demonstrate authorization with ExtremeControl
- Utilize and manipulate the ExtremeControl rules engine
- Learn the components and structure of Extreme Policy
- Integrate ExtremeControl with ExtremePolicy
- Integrate ExtremeControl with ExtremeAnalytics
- Integrate ExtremeCloud IQ – Site Engine and ExtremeControl with ExtremeCloud IQ
- Understand ExtremeControl Alarms and Events
- Understand and create ExtremeControl Reports
- Earn a learning credential on the Professional Program training path

Audience

This course is designed for individuals responsible for managing ExtremeControl engines and network end-systems.

Exclusive Networks Deutschland GmbH
Rahel-Hirsch-Straße 10 / 3. Stock, 10557 Berlin
Tel: +49 303251310

CONSPECT:

- ExtremeControl Dashboards
- ExtremeControl Administration
- ExtremeControl engine options
- ExtremeControl rules engine
- ExtremeControl Deployment with Authorization
- Introduction to Extreme Policy
- ExtremeControl integration with Extreme Policy
- Introduction to ExtremeAnalytics
- ExtremeControl integration with ExtremeAnalytics
- ExtremeControl Alarms and Events
- ExtremeControl Reports
- ExtremeCloud IQ – Site Engine and ExtremeControl integration with ExtremeCloud IQ

REQUIREMENTS:

Students should already possess a learning credential for ExtremeControl - Installation and Configuration.

Difficulty level

CERTIFICATE:

Participants who pass the assessment will receive a certificate signed by Extreme Networks - Extreme Certified Associate in ExtremeControl - Management

TRAINER:

Authorized Extreme Networks Trainer.
