

## Training: Extreme Networks ExtremeWireless Cloud - Advanced Configuration

### TRAINING GOALS:

You will learn how to implement advanced configuration of ExtremeCloud IQ. This knowledge is reinforced through hands-on experience with networking equipment in a lab environment, where you will perform real world tasks.

#### Course Objectives

Upon completion of this course, students will have gained the working knowledge to:

- Work with the ExtremeCloud IQ API.
- Configure Captive Web Portal
- Onboard Switches and Routers
- Use the Supplemental CLI

#### Audience

This course is for personnel who want to learn about advanced ExtremeCloud™ IQ configuration options, which are not covered in ExtremeWireless Cloud - Installation and Configuration.

### CONSPECT:

- Working with the ExtremeCloud IQ API
- Captive Web Portal
- Switch Templates, Router Settings and Onboarding a Switch
- Universal Platform
- Supplemental CLI
- Network Policy Additional Settings
- Common Objects

## REQUIREMENTS:

ExtremeWireless Cloud - Installation and Configuration certification is a mandatory pre-requisite and must be completed before registering for ExtremeWireless Cloud - Advanced Configuration.

## Difficulty level

## CERTIFICATE:

Participants who pass the assessment will receive a certificate signed by Extreme Networks - Extreme Certified Associate in ExtremeWireless Cloud - Advanced Configuration

## TRAINER:

Authorized Extreme Networks Trainer.
