Training: Extreme Networks
ExtremeWireless Cloud - Management

TRAINING GOALS:

You will learn how to manage your wireless network using ExtremeCloud IQ. This knowledge is reinforced through hands-on experience with networking equipment in a lab environment, where you will perform real world tasks.

Course Objectives

Upon completion of this course, students will have gained the working knowledge to:

- Administer the global settings of your ExtremeCloud IQ account.
- Manage APs on your network
- Work with ExtremeCloud IQ logs
- Use ML Insights to Monitor your wireless network

Audience

This course is for personnel who are responsible for managing a wireless network with ExtremeCloud™ IQ.

CONSPECT:

- Network Management
- Administration
- Working with Logs
- Review Management Servers
- Certificate Management
- ML Insights
- User Management
